

Haralson County
Homestead Exemption Waiver for Tax Year 2024

I understand and confirm one or all of the following statements in regard to my application for Homestead Exemption:

- I own property in another county and am currently receiving Homestead Exemption in that county. Therefore, in order to receive any exemptions in Haralson County, I must contact the county I am currently receiving exemptions in and request the removal of that exemption. *Proof of the exemption removal must be submitted before any exemption is granted in Haralson County.***

- I applied for the Regular Homestead, Double Homestead, School Tax Exemption and/or the Disabled Veteran's Exemption on/after the April 1, 2024, deadline. Therefore, I understand that my exemption(s) will not be effective until tax year 2025.**

- I applied for Double Homestead and/or School Tax Exemption and understand that if I do not submit my 2023 Income Tax Return (or the equivalent, if I do not still file income taxes) before April 1, 2024, I will not receive my extra exemption(s) on the 2024 tax bill.**
