**Assessors' Meeting
August 13, 2019
Chief Appraiser's Report**

- 1. Lanelle Jarriel, Susan Hunt and I attended the July 15, 2019 Commissioner's Meeting. Marian requested that the mobile home inspections be left in the Assessors' office. After an executive session, the commissioners confirmed their earlier decision that the salary budget will not be changed to accommodate the salary increases approved by the Board of Assessors in February 2019. Marian will be out for two knee replacement surgeries before June 30, 2020. These absences will cause the salary expense to drop below the approved amount. No worries about being over budget.**
- 2. At their August 4, 2019 meeting, the Board of Commissioners voted to leave the mobile home inspections in the Assessors' office as Marian requested on July 15, 2019.**
- 3. On July 26, 2019 Mary Bowen pulled all internet history on all computers in the Assessors' office at Bryan Aashiem's direction. Per email from Bryan on August 8, 2019 no items of concern were found.**
- 4. All new maps have been printed and put in the map binder in the front office. Thank you Cheyenne!**
- 5. All homestead exemption applications have been audited and the applications no longer in effect were dead filed. Thank you Cheyenne and Jessica!**
- 6. My next doctor's appointment is August 22, 2019 and I expect him to release me to return to work.**
